The four exhibit two works. One of them is installed overhead, measuring the room with precision. The other is an image, depicting a person trying to correct their upside down reflection in a spoon. The show is accompanied by a text by Leonie Huber.

Magdalena Stückler (*1996) is an artist based in Vienna. She is currently studying at the University of Applied Arts Vienna. Her artistic practice spans various mediums, including sculpture, textile, and drawing. Within her work, she examines themes of efficiency and function by repositioning them and exploring the connections between various elements, forms and materials.

**Julian Siffert (*1993) is a Vienna based artist, working mainly in sculpture, installation and music. He studied in Vienna, Lyon and Stuttgart.
